## Competition Format and Rules

Formato e regras da competição

As of WED 31 AUG 2016

### Paralympic competition format

#### Events

The sailing competition at the Rio 2016 Paralympic Games will have three events:

- One-person keelboat (2.4mR)
- Two-person keelboat (SKUD 18)
- Three-person keelboat (Sonar)

Races will be contested around a course of marker buoys laid by the race committee. The orientation of the course will be set so that the first leg of the race is always into the wind, with the start line at right angles to the wind.

A race may consist of one, two or three laps of the course, as determined by the race committee immediately before the start. The race committee may alter the length and orientation of the course as well as the number of laps in order to ensure races of a certain duration.

Each event will consist of series of up to 11 races, for which a low-point scoring system will be used. The winner of each race will be awarded one point with two points awarded for second place and so on.

At the conclusion of the series, providing five or more races have been completed, competitors/crews may drop the score from their worst race, and the remaining points will be added together and used to determine the overall placings. The winner is the sailor or team with the lowest points total.

Further information will be made available in the Rio 2016 Paralympic Games sailing instructions.
