As of WED 31 AUG 2016

Paralympic competition format

Events

Individual Time Trial

Riders compete alone to record a time. The rider with the fastest time after all have competed is the winner. Intermediate times are shown every lap.

Pursuit

Pursuit is conducted with two athletes on the track at the same time, starting on opposite sides. The riders will be paired in reverse order based on rankings after the entries for the qualification phase. (Note: pairing of athletes with similar disabilities during the qualification phase will take precedence in order not to penalise or favour particular athletes.) Intermediate times are shown every 1000m. The riders with the two fastest times will race for the gold medal, while the riders ranked third (3rd) and fourth (4th) after qualifying will race for the bronze.

Team Sprint

This event consists of two stages. The first is a qualifying round cycled over three laps by teams of three. Each rider in a team leads for a lap before dropping back. The qualifying round is conducted with one team on the track competing alone to record a time and will determine seeding for the finals. The two fastest teams after the qualifying round will race for the gold medal, and the two teams ranked third and fourth will ride for the bronze. Other teams will be ranked based on their times in the qualifying round.
