Letter from the Technical Delegate

This was the first time Latin America hosted a first Paralympic Games. And what a Games it was! In exciting and engaging competitions we experienced fantastic and memorable results and performances.

We express our gratitude and appreciation to the organisers of these Paralympic Games for their great efforts and organisation for these 7 days of amazing Shooting Para sport; you were excellent hosts to us all in the Olympic Shooting Centre! The fantastic Brazilian spirit and hospitality made us all feel welcome and at home.

We also sincerely thank all the officials, judges, classifiers and volunteers who made their invaluable contributions to delivering these shooting events; your tireless dedication to your roles has been incredible, and it would not have been possible without you all.

We hope all 147 athletes, from 42 countries across all 5 continents, enjoyed their unique experience to be a part of these historic Rio 2016 Paralympic Games. On behalf of IPC Shooting we thank you for your outstanding performances. You are all excellent ambassadors for the Paralympic Games; your impressive results and performances enthralled and inspired us all, and we hope you will leave Rio de Janeiro as Proud Paralympians.

We wish you all a safe journey home from the Rio 2016 Paralympic Games and we hope that you will take home with you some special memories of amazing sport, Rio atmosphere, and friendship.

Thank you!

A handwritten signature in black ink, appearing to read "G. Briez", with a stylized flourish at the end.

Ghislaine Briez
Technical Delegate

1 Results Certification Letter

We, the undersigned, certify that the Rio 2016 Paralympic Games was conducted according to the ISSF and IPC Shooting Rules and Regulations, and that the results produced in competition are true and correct.

Pistol		
P1 – 10m air pistol SH1	P2 – 10m air pistol SH1	P3 – 25m pistol SH1
		P4 – 50m pistol SH1

Sport rules and procedures

Air rifle and 50m rifle prone (events R1-R6)

The top eight athletes in the qualification advance to the final.

Scores are calculated using 10th-ring (decimal) scoring for the respective targets, with 10.9 the maximum achievable score per shot.

The finals consist of two stages, a first competition stage followed by an elimination stage:

- In the first stage, athletes fire two series of three shots, each fired in 150 seconds per series (100sec per series for rifle prone events)
- Eliminations of the lowest scoring finalists begin after the eighth shot and continue after every two additional shots;

The 14 single shots are each fired in 50sec (30sec for rifle prone events).

Eliminations continue after every two shots until only two athletes remain, with the gold and silver medals decided on shot 20.

50m rifle 3 positions (events R7-R8)

The top eight athletes in the qualification advance to the final.

Scores are calculated using 10th-ring (decimal) scoring.

The finals commence with three series of five shots kneeling (200 seconds per series) and three series of five shots prone (150sec per series). Finalists then undertake two series of five shots standing (250 sec per series) with the two lowest-ranking finalists eliminated after this point. The finals then continue with five single shots (50sec per shot) in the standing position, with the lowest-ranked athlete eliminated after each shot until only two athletes remain to fire their last shot to determine the gold medallist.

10m and 50m Pistol (events P1, P2 and P4)

The top eight athletes in qualification advance to the final.

Scores are calculated with 10th-ring (decimal) scoring for the respective targets, with 10.9 the maximum achievable score per shot.

The finals consist of two stages, a first competition stage followed by an elimination stage:

- In the first stage, athletes fire two series of three shots, each fired in 150sec per series (100sec per series for rifle prone events)
- Eliminations of the lowest scoring finalists begin after the eighth shot and continue after every two additional shots;

The 14 single shots, are each fired in 50sec intervals (30sec for rifle prone events).

The eliminations continue after every two shots until only two athletes remain, with the gold and silver medals decided on shot number 20.

25m Pistol (event P3)

The top eight athletes in the qualification advance to the final. All scoring is hit or miss; the size of the hit zone is within the score 10.2 or above.

There are two stages, which are the semifinal and medal matches:

- Semifinal: five-shot rapid-fire series

Medal matches: the first and second placed athletes from the semifinals compete in the gold medal match, while the third and fourth-placed athletes compete in the bronze medal match.

- Each medal match is contested on a series-by-series basis, where the athlete with the highest hit total in each series receives two points (if the athletes tie in a series, each athlete gets one point each). The winner of the medal match is the first athlete to score seven points.

Scoring

In all events, shots are fired at a 10-ring target; scores are calculated electronically by measuring the distance between the centre of the shot hole and the centre of the target.

In rifle events (except for 50m 3 position qualification events), the 10 rings are subdivided into 10 'decimal' score zones, making 10.9 the highest score possible. In 50m 3 position events, full ring scoring is used, making 10 the highest achievable score.

In pistol events, the centre of the target is worth a maximum 10 points. In precision events/stages, competitors aim at the standard 10-ring target; with full ring scoring used in qualification events and decimal scoring used in finals. In rapid-fire events/stages the target is comprised of five, rather than 10, scoring rings; in qualification stages the target is scored five to 10 points, and in finals there will be hit-or-miss scoring.

Tiebreak rules

Rifle and pistol tiebreaking (to be eligible to advance to the finals from the qualification)

All tied scores in the 50m, 25m and 10m pistol events will be broken by applying the following rules:

- The highest number of inner 10s.
- The highest score of the last 10-shot series, working backward by 10-shot series in full ring scoring (not inner 10s or decimals) until the tie is broken.
- If any ties remain, scores will be compared on a shot-by-shot basis using inner 10s (an inner 10 outranks a 10 that is not an inner 10), beginning with the last shot, then on to the next-to-last shot and so on.
- If any ties remain, scores will be compared on a shot-by-shot basis using decimal ring scores beginning with the last shot, then on to the next to last shot and so on.

When decimal scoring is used for 10m air rifle or 50m rifle prone elimination or qualification events, ties will be broken first by comparing the highest score of the last 10-shot series, then the next-to-last series and so on; then by comparing decimal scores on a shot-by-shot basis beginning with the last shot, then on to the next-to-last shot and so on.

The shooting competition will be held in accordance with editions of the following documents that are in force at the time of the Games:

- IPC Shooting rules and regulations (available at www.ipc-shooting.org)
- ISSF rules and regulations (available at www.issf-sports.org)
- The IPC Handbook (available at www.paralympic.org/the-ipc/handbook)

IPC Shooting, working with Rio 2016 competition management, will be responsible for the technical control and direction of the shooting competition at the Rio 2016 Paralympic Games.
