**IPC Governing Board meeting, 26-28 January 2018**

Dear President Lukin,

Thank you for your letter of 23 January 2018. We understand and appreciate the content of your message, and we look forward to learning more in the future about the RPC's three-year plan for monitoring activities.

With regard to your kind offer to have senior officials from the RPC attend this weekend's IPC Governing Board (GB) meeting, we must respectfully decline. The IPC Taskforce regularly informs our GB about the RPC's progress on meeting the reinstatement criteria and is scheduled to do so again this weekend prior to the GB's deliberations. We do appreciate, however, your offer to make yourselves available and your commitment to full implementation of the reinstatement criteria.

Kind regards,
